

When you go the extra mile,
it's never crowded.

CLEAR FALLS WRESTLING

The road less traveled.....

Engaging in competitions is important. Just as the Sumerians did 5000 years ago, we will have a winner and a loser. But victory can be found in many ways. Through your participation in wrestling, you will develop friendships rooted in character, conviction, and community that will last into adulthood. One of the best coaches to ever take up a whistle, legendary UCLA coach John Wooden, once said "Goals achieved with little effort are seldom worthwhile or lasting." Our wrestling program is built upon three basic principles: Character, Conviction, and Community. Come join us and you will discover that things that seemed impossible are now probable.
